Simple Get Time and Print

```c
#include <sys/time.h>
#include <stdio.h>

int main() {
  struct timeval current_time;
  gettimeofday(&current_time, NULL);
  printf("seconds : %ld\nmicro seconds : %ld",
    current_time.tv_sec, current_time.tv_usec);

  return 0;
}
```

Output:

```
tump@tump:~/Desktop/c_prog/gettimeofday$ gcc Example1.c -o Example1
tump@tump:~/Desktop/c_prog/gettimeofday$ ./Example1
seconds : 1587978497
micro seconds : 666725
tump@tump:~/Desktop/c_prog/gettimeofday$
```
